The Mistral M1 14' Race-Touring I-SUP

Mistral presents the world's first international onedesign class for i-sup race boards.

The Mistral M1 14', 427 centimeters - pure joy on the water, just 11.5 kilos light. „Length speeds“ say sailors and oarsmen.

Mistral designers paid attention and - ignoring the experts' prophecies of doom - came up with the longest i-sup board on the planet. Uncompromisingly shaped for a mind-boggling speed potential, with the stability demanded by speed demons.

The ideal long board for cruising.

- Length (cm): 427
- Width (cm): 70
- Volume (l): 315
- Weight (kg): 12.4 (± 6%)
- Thickness: 6" / 15 cm
- Fin: Single Fin
- click system: 24 cm / 9'4"

“Wir lieben was wir tun”
